

...ionist from Ontario, James  
...ing, dropped dead this morn-  
... heart failure while sitting in  
... He was employed on the  
... farm, ten miles northwest of  
...  
... killed on Level Crossing.  
...  
... town, Ont., Sept. 26.—George  
... was instantly killed while  
... over a level crossing here.  
... The team was also killed. It  
... sed he was asleep.

# THE FIFTH CITY IN CANADA

Edmonton Climbing Up the Ladder—"Construction" Architectural and Engineering Journal, Published in Toronto, Presents Statistics Showing Building Operations in Canada on the Upturn—Figures From Eleven Months Preliminary Figures Show Increasing Activity—Highly Indicative of Return of Expansion Movement—Outlook for Remainder of Year Highly Encouraging.

Activity in the building industries in the second half of 1927 has been of an extraordinary nature. From the standpoint of representative centres of Canada, it has been the most active and the most rapidly rising of the year, and the early part of the year, conditions are rapidly improving and the indications are that the remainder of 1927 will probably break all records in total building.

The financial spiral that came down upon us so suddenly last October had a tendency to bring to an abrupt stop the remarkable wave of expansion that had swept over the country, and although no real cause for anxiety was evident, general confidence seemed to be shaken, and the financial institutions of the country began to curtail their loans. The result was that one of the first branches of business to be affected was the building industry, and when the spring of 1926 opened up it was found that because of financial difficulties a large number of building projects had to be postponed.

The "long-term" right money, however, has turned out like the dog that barks but never bites, and conditions have been rapidly restored, and it is found that building in August of 1927 is almost every city of Canada has shown a remarkable increase over that of the same period of 1927, which, in most cases, was considered a record breaking year.

This is a most healthy indication, so far as there is no true, legitimate, or artificial condition of individual property, but a human cannot build without finance. At all events, whenever a building is constructed it is evidence that an available surplus of cash exists, somewhere.

Statistics in eleven cities. Statistics in eleven cities, covering the entire country, show that the building industry in August of 1927 is almost every city of Canada has shown a remarkable increase over that of the same period of 1927, which, in most cases, was considered a record breaking year.

In eleven cities reported in the table below, the cost of buildings for the first eight months of 1927 was \$12,124,751, as compared with \$12,124,751 for the same period of 1927, thus showing a decrease of 28.8 per cent.

In nine cities for which figures were secured for the month of August, the aggregate cost of buildings for August, 1927, was \$3,854,084, as compared with \$3,854,084 for the corresponding month of 1927, thus showing an increase of 20.7 per cent.

From this it can be seen that Canada's principal centres have found a decrease of 28.8 per cent. for the first eight months of 1927, as compared with 1926, while in nine cities for which figures were secured for the month of August, 1927, was \$3,854,084, as compared with \$3,854,084 for the corresponding month of 1927, thus showing an increase of 20.7 per cent.

of 28.8 per cent. for the first eight months of 1927, as compared with 1926, while in nine cities for which figures were secured for the month of August, 1927, was \$3,854,084, as compared with \$3,854,084 for the corresponding month of 1927, thus showing an increase of 20.7 per cent.

It will be noted that Regina shows the largest increase, 200.7 per cent. Toronto the smallest increase, 4.05 per cent. Vancouver the largest decrease, 28.8 per cent., and St. John, N.B., the smallest decrease, 18.20 per cent. for the month of August, 1927.

Port William has the largest increase, 100.13 per cent., followed by St. John, N.B., with an increase of 63.3 per cent. Montreal the largest decrease, 18.20 per cent., and Winnipeg the smallest decrease, 27.3 per cent., for the first eight months of the year.

In view of the general opinion that the building industry is returning to normal, it is not surprising that the decrease in building is much less than that of any of the larger cities.

Three show August Decreases. Only three of the cities reported, show a decrease for August, 1927, as compared with August, 1926. These are St. John, N.B., which shows a decrease of 18.20 per cent. for the first eight months of the year, and Port William, which shows a decrease of 100.13 per cent. for the first eight months of the year.

Reports as to prospects for the remainder of the year, was generally bright, and it seems to be the opinion of many that the year will finish with a building, that was a large amount of the year, and for financial reasons had to be postponed, that is being protected with this fall.

Reports from the various cities as to the outlook for the future were as follows: Montreal, "Good," Toronto, "Good," Vancouver, "Good," Regina, "Good," St. John, N.B., "Good," Port William, "Good," Hamilton, "Good," and St. John, N.B., "Good."

Edmonton, "Good," and St. John, N.B., "Good." The outlook for the future was generally bright, and it seems to be the opinion of many that the year will finish with a building, that was a large amount of the year, and for financial reasons had to be postponed, that is being protected with this fall.

**GREAT BATT IN BIG LEAGUES.**  
Chicago, Sept. 26.—Of all the exciting weeks of big league baseball, the one that will undoubtedly go down in the national game's history as the best, for not only have the leaders been excited in the American but the fight has been so fierce in the National as to cause a real and satisfactory ending to the season. In fact, Cleveland by dint of the splendid ball she has shown this year has risen from a position down low on the percentage table, has now to be the favorite for the pennant in the American while in the National the wonderful upset taken by the Cubs on the western end of their circuit has proven that Chicago once more has world's champions well in hand and that he expects to take off the highest honor of the old organization for the third time.

## LACROSSE.

**RIFT AT LACROSSE GAME.**  
Vancouver, B.C., Sept. 26.—The final lacrosse game of the season between Vancouver and New Westminster on Saturday afternoon at Westminster broke up in the most disgraceful manner. The fight, which was ended by one shot from a revolver, occurred at half-time. The referee at the time was hopelessly beaten. The score started 9 to 6 against them. But feeling started earlier in the game from a smash which Vancouver struck at Vancouver had dealt Grant Spring. Later Grant had a hard one over Westminster. Westminster just before the whistle struck Tommy Clifford. Clifford and Grant started to scow and fight. Both rushed from the fence and started a riot, while the referee, who was in the middle with stick and flag, looked on quite forgotten. Grant was the main object of the wrath of the Red City men, and he escaped with difficulty to a club, where he was defended by Joe Davis, the champion of the Vancouver team, and prize fighter of some repute, who pulled a revolver when hand pressed. Dave Horne, a city employee of Westminster, seized the muzzle and the bullet scratched his hand and tore a hole in his coat before going into the ground. In the meantime the riot on the field was some what quieted and Rev. T. M. Henderson, president of the Westminster club, stepped for peace. Clifford shook hands with Grant, who was escorted off the field by the police, as the crowd was lying for him. Just before the melee subsided Jimmy McLaughlin was hit in the head with an egg, but was otherwise unhurt. It was found on examination that except for the shot fired the revolver which Paris had was fully loaded.

## THE RIFLE.

**THE FIRST ANNUAL RIFLE MATCHES.**  
The first annual rifle matches of the 10th Alberta Mounted Rifles will be held at the range of the Edmonton Rifle Association on Tuesday and Wednesday, Oct. 14th and 15th, and will be open to all officers, non-commissioned officers and men of the regiment. The competitors will wear their unit uniforms. Each match will be held on a range on both days by a civilian referee. The committee of officers who have had

Scene from "The Toyman" as will be presented by the San Francisco Opera Company, opening at the Edmonton

charge of the arrangements for these matches are Major F. C. Jamieson, Capt. J. J. Carmichael, Lieutenant A. M. Sutherland, Lieutenant G. E. Fitzpatrick and Lieutenant J. M. Deane. Capt. W. F. W. Carleton, B.C., has been appointed referee officer. The time table of these matches is as follows:  
Tuesday, Oct. 14.—McDonald match, 20 yards, 8 a.m. Rapid fire match, 20 yards, 1:30 p.m.  
Wednesday, Oct. 15.—Tatler match, 20 yards, 8 a.m. Rapid fire match, 20 yards, 1:30 p.m.  
An excellent prize list has been arranged these being silver prizes offered by the commanding officers. Butcher, Baker, Grocer and Poultry matches. In the case of all these matches will be contested by all soldiers who will be counted for all additional shooting will take place. The following are the prize list arranged:
